OBJECTIVE

Highly skilled Motion & Graphic Designer with a passion for creating visually compelling experiences. Seeking an opportunity to contribute my expertise in animation, visual effects, and motion graphics to a dynamic creative team in the Seattle area or remotely.

EDUCATION

Bachelor of Design

Visual Communications in Design (GPA 3.92)

UX Certificate, Psychology Minor, Web Application and Development Minor

Eastern Washington University

September 2019 - June 2022

WORK EXPERIENCE

Trifilm, Inc.

Associate Graphic Designer

Kirkland, WA.

June 2022 – Present

- Built special effects graphics that were utilized in post-production of corporate commercials and films.
- Created motion graphic packages that included lower thirds titles, transitions, intro animations, and still graphics for promotional video series and events.
- Worked alongside a design team creating illustration based components and helped with creative direction on projects.
- Collaborated with team members to brainstorm creative solutions for motion based projects through storyboarding, testing, and execution in order to meet deadlines.

14Four

Design and Front-End Development Intern

Spokane, WA.

April 2021 – September 2021

- Helped build promotional websites for Pepsi, NFL, Quaker, and others. Generated reports to ensure that these websites met the WCAG (Web Content Accessibility Guidelines) standards to enhance the users experience.
- Developed a set of web accessibility guidelines for 14Four. Researched the best industry tools used to audit accessibility on websites. Collaborated with senior management to host these guidelines on 14Four's wiki page.
- Worked alongside a design team in creating visual design components and helped with creative direction on multiple web-based project

LEADERSHIP EXPERIENCE

Volunteer Wrestling Coach

Adna High School

Adna, WA.

November 2020 - Present

Coordinate with the head and assistant coaches to help manage practices. Deliver positive feedback to 20+ student-athletes in order to help them improve both their teamwork skills and mindset. Give back by supporting student-athletes with the adversity they face in their day-to-day lives, both on and off the mat.

SKILLS

Animation | Visual Effects | Storyboarding | Print Design | Typography | Systems Design | Interface Design | Pitch Deck Development | Wire-framing | Production | Adobe Creative Suite | Microsoft Office | Problem Solving | Time Management | Organization | Creativity
